MAXHILL GROUP

About Us

With 20+ years of experience in imports and distribution, we specialize in high-quality panel products. Driven by quality, innovation, and customer satisfaction, we build strong supplier partnerships and deliver reliable solutions tailored to our customers' needs.

OUR Story

We are a 20+ year group that has been involved with imports and distribution activities. Our focus is on panel products of various kinds. Over the years, our dedication to quality and customer satisfaction has been the cornerstone of our business. We take pride in the strong partnerships we have forged with our suppliers, ensuring that we can always offer a wide range of high-quality panel products to meet the diverse needs of our customers.

As we look towards the future, innovation and growth are at the forefront of our minds. We are constantly exploring new opportunities and trends in the market to bring fresh and exciting products to our customers. Our commitment to excellence drives us to continually improve and expand our product lines, ensuring that we can provide the best solutions for all our customers' needs.

At the heart of our business is a passion for delivering value and building lasting relationships. We strive to be more than just a supplier – we aim to be a trusted partner that our customers can rely on for all their product needs. With our experience, knowledge, and dedication, we are confident in our ability to continue serving our customers well into the future.

OUR Philosophy

MISSION

To serve our customers by providing a wide range of products along with great service while building long lasting relationships

VISION

To provide access to the most superior quality products and continuously innovate for the best customer experience

500+ Customers

20+ Years Experience

WHAT WE DO

From trusted sourcing to timely delivery —
we ensure quality at every step.

01

PRODUCT DEVELOPMENT

- Identify emerging needs and product gaps in the Indian market.
- Build complementary product ranges across multiple categories.
- Offer customers a single, reliable source for diverse material requirements.

Innovating today
for tomorrow's
needs.

02

SOURCE

- We identify and evaluate trusted global manufacturers.
- Focus on premium quality, sustainable & certified products.

Careful selection
of the right
partners.

03

IMPORT

- Efficient logistics & documentation for smooth import.
- Timely shipments ensuring zero compromise on quality.

Seamless import
process with
complete
transparency.

04

STOCK

- Large-scale, well-organized inventory in our warehouses.
- Products stored with care to maintain consistent quality.

Well-managed
stock for
every demand.

05

DISTRIBUTE

- Strong distribution network across India.
- Reliable supply to retailers, fabricators & industries.

Connecting
products to
your business.

06

DELIVER

- On-time delivery to your doorstep with full support.
- Your success is our commitment.

Safe, timely
delivery every
time.

BUILT FOR EXCELLENCE
Engineered to Perform

IMPORTED WHITISH MDF

Whitish MDF Boards have a pine like colour. They are ideal for applications such as laser cutting and routing.

Cleaner, more uniform surface with significantly fewer black spots compared to regular MDF while laser cutting.

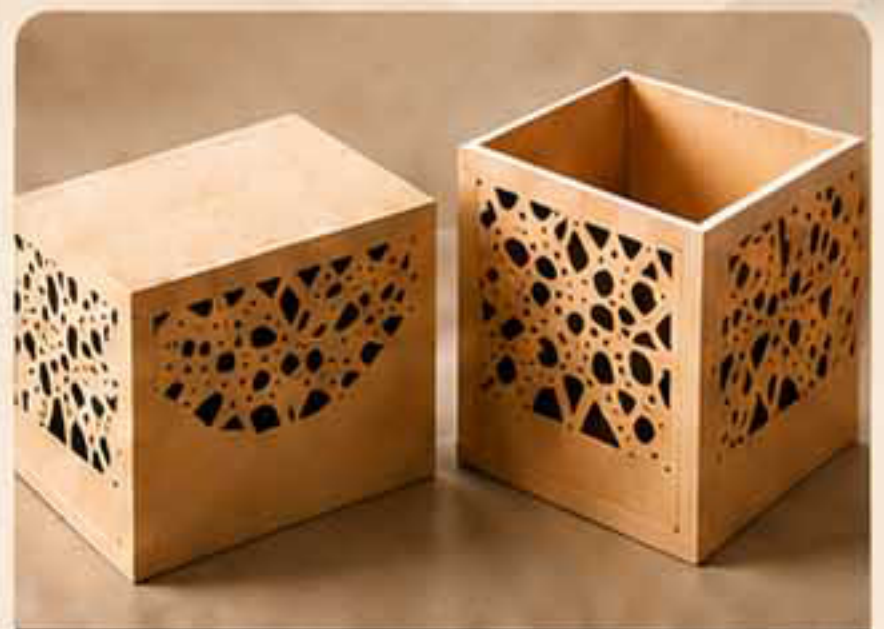

APPLICATIONS

LASER CUTTING & ROUTING

ENGRAVING

DECORATIVE PROJECTS

GIFT ITEMS & TOYS

CAKE BASE

FURNITURE & INTERIORS

PINE LIKE COLOUR

Natural whitish shade with a pine like look.

SMOOTH SURFACE

Even and smooth surface for fine finishing.

IDEAL FOR CREATIVE WORKS

Perfect for laser cutting, routing, engraving and craft projects.

FLEXIBLE PLYWOOD

Flexible plywood is a type of plywood that has unique bending properties. This enables the wood to bend without breaking and is widely used for curved surfaces.

TYPES

- Premium MLH Flexible Plywood
- Premium Indonesian Falcatta Flexible Plywood
- Premium Gurjan Flexible Plywood

APPLICATIONS

- Furniture
- Staircase
- Interiors
- Sofas
- Benches
- Doors
- Rocking Chairs

WOOD

STRONG &
RELIABLE

BUILT TO LAST
PERFORMANCE

FEATURES & BENEFITS

High Strength & Durability
Strong and long-lasting

Excellent Screw Holding
Ideal for furniture and fittings.

Smooth Surface
Suitable for laminates, veneer, paint & polish.

Superior Dimensional Stability
Minimal warping and deformation.

Uniform Core
Consistent construction with fewer core gaps.

Precision Machining
Excellent for CNC cutting and routing.

Attractive Edge Profile
Distinctive layered appearance.

Premium Finish
Ideal for high-end furniture and interiors.

CALIBRATED PLYWOOD

Calibrated plywood is a type of plywood that offers uniform thickness and evenness due to the way it is constructed. It is made from multiple press technology which makes it much smoother and even than regular plywood.

UNIFORM THICKNESS

Precision calibrated for perfect finish

SMOOTH & EVEN SURFACE

Ideal for premium applications

STRONG & DURABLE

Long-lasting performance

ECO-FRIENDLY & SUSTAINABLE

Made with quality – controlled process

MAX PANELS
BUILT TO SHINE. BUILT TO LAST.

PREMIUM QUALITY

PVC FOAM BOARDS

Poly Vinyl Chloride (PVC) boards are made from plastic composite. PVC is a cost-effective material that provides high strength and durability. It is an ideal material for moisture rich areas because of its weather and age resistant properties. It can be shaped and painted easily based on the application.

HIGH SCREW & NAIL HOLDING PROPERTIES

Strong grip for secure fastening.

WEATHER & AGING RESISTANT

Long-lasting in all climates.

EASY TO USE & INSTALL

Cut, shape and install with ease.

100% TERMITE & PEST PROOF

Hygienic, safe and pest resistant.

100% WATERPROOF & ECO-FRIENDLY

Moisture resistant and environment friendly.

FIRE RETARDANT

Better safety with fire resistant properties.

ANTI FUNGAL & ANTI BACTERIAL

Prevents mold and bacteria growth.

IDEAL FOR CNC CUTTING & PANELING

Perfect for precision cutting and designs.

PRODUCT *Journey*

01

SOURCE

We source high quality material from trusted factory and global partners with care and responsibility.

02

IMPORT

Carefully imported using reliable logistics ensuring quality, safety and timely delivery.

03

STOCK

Stored in our well-managed warehouses to maintain quality, consistency and readiness.

04

DISTRIBUTION

Efficiently distributed across regions so our products reach you on time, every time.

05

END APPLICATION

Transformed into beautiful, durable spaces and products you see and experience every day.

WHY MAXHILL?

EXPERIENCE. **SCALE.**
SUPPLY. **RELIABILITY.**

With over 25 years of expertise, global sourcing and a strong distribution network, Maxhill is your trusted partner for quality, consistency and growth.

25+ YEARS OF EXPERIENCE

Proven industry expertise
built over decades.

GLOBAL SOURCING

Quality materials
sourced from trusted
manufacturers
worldwide.

LARGE-SCALE IMPORTS

Strong import capabilities
ensuring consistent and
reliable supply.

STRONG INVENTORY

Ready stock across
key products for
faster fulfillment.

MULTIPLE WAREHOUSES

Strategically located
warehouses for efficient
stock availability.

WIDE PRODUCT PORTFOLIO

A comprehensive range
of wood panels, boards,
and signage materials.

STRONG DISTRIBUTION NETWORK

Reliable distribution supporting
customers across multiple
markets.
